

GENESIS

LUKOIL – IT'S A MATTER OF TRUST

QUALITY IS NEVER A
COINCIDENCE – IT IS
ALWAYS THE **RESULT OF**
INTELLIGENT WORK

Quicker - further - cheaper. For European companies, the economic environment has changed critically over the last few years.

International competition has become fiercer and in light of sinking margins, quality is becoming ever more important as a distinguishing feature. At LUKOIL Lubricants, we have always considered the highest quality in products, selection and customer service to be one of our company's central formulae for the future.

AND OUR SUCCESS PROVES US RIGHT.

QUALITY FROM AUSTRIA

In our state-of-the-art production facilities in the Lobau, Vienna, in Finland and in Romania, we manufacture over 40,000 tonnes of lubricant every year, using first-class source materials and innovative technologies. Our engineers, chemists and industry specialists work constantly to further develop and expand our product range.

COMPREHENSIVE CUSTOMER SERVICE

Customer service is the primary objective of our day-to-day work and is provided at all times by our highly-trained customer advisers and engineers. Our employees communicate intensively with our customers, so as to better understand their individual problems and then offer quickly tailored solutions. These may include not only new products, but also solutions from various areas, such as waste processing, packaging, marketing, logistics and process optimisation.

SHORT TRANSPORT ROUTES

Having the perfect European production facilities in almost every corner of Europe means that our experienced logistics team is able to transport our products to our customers extremely quickly and efficiently, and thus provide on-time delivery.

We look forward to being able to count you among our satisfied customers very soon and would love to be able to provide you with more detailed information on the rest of our versatile product range. Please contact our staff in the sales team to arrange an appointment.

ENGINE OILS FOR CARS

LUKOIL GENESIS SPECIAL

Product name	Descriptions	Quality level	Approvals
LUKOIL GENESIS SPECIAL VN 0W-20 Prod.-Nr.: 563117	LUKOIL GENESIS SPECIAL VN 0W-20 is a fully synthetic, fuel-efficient engine oil for high-performance petrol and diesel engines (with or without a DPF). LUKOIL GENESIS SPECIAL VN 0W-20 has been specially developed for engines that achieve maximum fuel savings thanks to reduced viscosity and that are compatible with various exhaust aftertreatment systems.		VW 508 00 / 509 00
LUKOIL GENESIS SPECIAL VN 5W-30 Prod.-Nr.: 563113 	LUKOIL GENESIS SPECIAL VN 5W-30 is a synthetic, low-ash, fuel-efficient engine oil for the highest performance requirements. It has been specially developed for the requirements of today's car engines and is excellently suited to BMW, Mercedes and VW-group vehicles. The advanced additive technology guarantees the longest oil change intervals, is environmentally friendly and reliably protects both the engine and the particulate filter.	ACEA C3 Fiat 9.55535-S3 MB 229.31	BMW LL-04 MB-Approval 229.51 Porsche C30 VW 504.00/507.00
LUKOIL GENESIS SPECIAL MC 0W-20 Prod.-Nr.: 563021	LUKOIL GENESIS SPECIAL MC 0W-20 has been specially developed for use in modern Mercedes-Benz/Daimler diesel and petrol engines that require an engine oil with a viscosity of 0W-20 and specification MB 229.71. It guarantees the highest levels of engine cleanliness, reduced friction of moving parts and a long engine service life, thanks to its high-quality synthetic base oils and the latest additive technology.		MB-Approval 229.71
LUKOIL GENESIS SPECIAL C1 5W-30 Prod.-Nr.: 563106	LUKOIL GENESIS SPECIAL C1 5W-30 is a synthetic, extremely low-ash, fuel-efficient engine oil for the highest performance requirements. It is excellently suited to modern car engines, especially for vehicles with a diesel particulate filter. The advanced additive technology guarantees the longest oil change intervals, is environmentally friendly and reliably protects both the engine and the particulate filter.	ACEA C1/C2, Jaguar Land Rover STJLR.03.5005	
LUKOIL GENESIS SPECIAL C2 0W-30 Prod.-Nr.: 563108	LUKOIL GENESIS SPECIAL C2 0W-30 is a synthetic, fuel-efficient engine oil for the highest performance requirements. It is characterised by its extremely good low temperature behaviour (quick lubrication in cold conditions) and fuel savings.	ACEA C2, PSA B71 2312	
LUKOIL GENESIS SPECIAL C2 5W-30 Prod.-Nr.: 563107	LUKOIL GENESIS SPECIAL C2 5W-30 is a synthetic, low-ash, fuel-efficient engine oil for the highest performance requirements. It has been specially developed for the requirements of today's car engines and is excellently suited to CITROEN, PEUGEOT, HONDA and TOYOTA vehicles. The advanced additive technology guarantees the longest oil change intervals, is environmentally friendly and reliably protects both the engine and the particulate filter.	ACEA A1/B1 ACEA A5/B5 ACEA C2 API CF API SN Fiat 9.55535-S1 Fiat 9.55535-S3 Iveco 18-1811 SC1 PSA B71 2290 Renault RN 0700
