Desothane[®] HS

The leading choice in Aerospace coatings

Desothane® HS

The leading choice in Aerospace coatings

Key Features

- Low VOC exterior topcoat
- High quality surface finish
- Excellent application characteristics
- Superior UV resistance and color stability
- Fully approved by major OEMs
- Complete range of colors
- Wide range of system options

Customer Benefits

- Enhanced airline image
- Reduced maintenance costs
- Extended service life
- Reduced down time
- Maximum branding and image impact
- Low risk option - proven solution
- One topcoat for all fleet maintenance

Desothane® HS is the reliable option

OEM

- Proven in service performance
- More than 9 years practical experience
- Only topcoat approved at both major OEMs

Airlines continue to be impressed with Desothane's performance, outstanding gloss retention and adhesion characteristics, after 6 years in service.

MAINTENANCE

In the Maintenance environment Desothane HS is recognized as the best value solution combining robust application characteristics with a high quality surface finish.

PPG Aerospace

PPG Aerospace is a division of PPG Industries, Inc - world leading supplier of industrial coatings and chemicals.

- 100 years old
- 30000 employees
- manufacturing in 20 countries

Supplier of aerospace coatings since the early 20th century.

PPG Aerospace is also a supplier of Eldorado Paint Strippers and Cleaners, Aircraft Transparencies, Windows, PRC® & Pro-Seal™ Aerospace Sealants and Semco® Packaging & Application Systems.

Desothane® HS

The most widely used topcoat for new commercial aircraft

**Our
Customers
include:**

Process optimization

Desothane® HS

Market leading technology

Delivering customer value

- Productivity gains
- Image enhancement
- Environmental benefits

Desothane® HS systems include

- Chromate free primers
- Selectively Strippable System
Innovative solution for reducing maintenance costs
- Innovative mica technology

Selectively Strippable System

- 10 years in service experience
- Removal of topcoat only
- No primer application
- No sanding
- No resealing
- Low toxicity paint removers
- Hazardous waste reduction

Desothane[®] HS

Color Capability

- Global capability
- Rapid color development
- Global color styling capability
- Rebranding and new livery design support
- Full range of special effect "MICA"
- Innovative high sparkle Mica Technology

Desothane® HS

Global OEM Approvals

The only external topcoat
approved at both major
commercial airframe constructors

- Multiple drying options to suit different environments
- Multiple approvals enables use of one topcoat for all fleet maintenance
- Wide range of system options

LIT #0551

All recommendations, statements, and technical data contained herein are based on tests we believe to be reliable and correct, but accuracy and completeness of said tests are not guaranteed and are not to be construed as a warranty, either expressed or implied. User shall rely on his own information and tests to determine suitability of the product for the intended use and assumes all risks and liability resulting from his use of the product. Seller's and manufacturer's sole responsibility shall be to replace that portion of the product of this manufacturer which proves to be defective. Neither seller nor manufacturer shall be liable to the buyer or any third person for any injury, loss, or damage directly or indirectly resulting from use of, or inability to use, the product. Recommendations or statements other than those contained in a written agreement signed by an officer of the manufacturer shall not be binding upon the manufacturer or seller.
